# GROWING, GROWING, GROWING

*. . . on Good Quality and Service*

Each year it has been our pleasure to serve hundreds of new customers while retaining the valued patronage of our old friends.

We believe that the rapid growth of this business has been due to our high standards of quality and prompt, courteous attention to your needs.

Extensive farms in North Carolina and Florida, producing several hundreds of acres of bulbs in a single season; our direct contacts with other most dependable growers, both foreign and domestic; ample storage and packing plant facilities; and up-to-the-minute ideas in packaging and merchandising—these assure you quality, service and greater profit opportunities in your dealings with us.

We appreciate your patronage in the past and look forward to the opportunity of serving you again this season.

## OUR TERMS

PRICES quoted in this catalog are F.O.B. farm, warehouse, packing plant, or other distribution point, unless otherwise specified; all packing charges included in prices as listed. Minimum orders are as stated on each item. Quotations on large quantities will be submitted upon request.

TERMS—to our regular customers and others with established credit rating, 2% 10 days, net 30 days. **A discount of 3% is allowed for cash with order.** If C.O.D. shipment is desired, 25% deposit must accompany order.

SHIPMENTS are made by Railway Express unless otherwise specified.

ALL STOCKS TRAVEL AT RISK OF PURCHASER. Stocks are carefully packed and we hold good order receipts from the carrier agent. If shipment arrives in poor condition, it should be accepted "in bad order" and claim should be brought against the carrier for damage.

We take pride in shipping only such stock as should perform to entire satisfaction. However, we give no warranty, expressed, or implied, as to purity, description, quality, productiveness or any other matter of any bulbs, roots and tubers we send out, and we will not be in any way responsible for the crop. In no case will our liability exceed the amount of the purchase price. If the purchaser does not accept the goods on these terms they must be RETURNED WITHIN THREE DAYS AFTER RECEIPT. Prices are subject to change without notice. Orders are accepted subject to prior sale and cancellation in case of crop failure and other conditions beyond our control.

## from this Wide Selection of Varieties

We list one of the most complete selections available, the standard favorites as well as many newer varieties. Early ordering assures you the best selection. To save time and disappointment, when varieties are sold out, we substitute the

best and closest to the variety ordered, unless order reads no substitutions. Not all varieties make Mammoths and Jumbos every year; if we are out of the size ordered, the next size in that variety will be substituted, unless otherwise instructed.

# Tuberous-Rooted Begonias

Tuberous-rooted Begonias make beautiful pot plants for early spring, but they are proving their full value for summer flowering outdoors, in moist and partly shaded places. They make a gorgeous succession of blooms, in many colors, throughout the summer and until frost. We stock the most popular type, Double Camellia, in all colors; this type makes large, showy blooms and is most satisfactory for home and greenhouse culture.

# Paperwhite Narcissus

The Paperwhite is the most popular of the tender Polyanthus or Cluster Narcissus. The bulbs flower readily indoors. Growing them in water with a thin layer of gravel, stones or chips is a favorite way of flowering them. Since the bulbs are available early fall until mid-winter, these full clustered blooms can be produced indoors from November until Spring. In mild climates Paperwhites flourish outdoors.

## *Gloriosa Rothschildiana*

### ORANGE SCARLET CLIMBING LILY

Also known as the Glory Lily, the *Gloriosa Rothschildiana* tuber produces a climbing plant which grows rapidly four to six feet tall, requiring trellis support. From 10 to 30 blooms of brilliant scarlet and yellow develop

from a single tuber. The plant thrives in southern gardens, but is also grown in the North in greenhouses, and outdoors in warm locations during summer months.
